

Follow these guidelines to get the best results for an embroidered design on the back of adjustable caps.

- Arch should match your cap with the adjustable band opened or unbuckled.
- Print and hold image to cap to check accuracy before digitizing. Since caps can vary.
- Use approximately a 27% bend to your design.
- Width should not exceed 90mm or ~3.5".
- Minimum letter size should be 5mm tall or more.
